

# Adopt A Future **AEROSPACE ENGINEER**

**STEM toys, games, and books**  
**Focus: Middle & High School**

Use our amazon wish list to shop for the perfect gift or make a donation on our online giving portal.

**We focus on quality over quantity.** We would rather one \$300 item than sixty \$5 toys - our goal is to provide inspiration and tools for future innovators.

If a young innovator were interested in becoming an **Aerospace Engineer** What gift would help and inspire them?

Any amount helps.  
Suggested donation: \$50
