

Adopt A Future **DOCTOR**

STEM toys, games, and books **Focus: Middle & High School**

Use our amazon wish list to shop for the perfect gift or make a donation on our online giving portal.

We focus on quality over quantity. We would rather one \$300 item than sixty \$5 toys - our goal is to provide inspiration and tools for future innovators.

If a young innovator were interested in becoming a **Doctor**

What gift would help and inspire them?

Any amount helps.
Suggested donation: \$50

Thank you

So Grateful for Your Support!

This unique gift drive works to increase equitable access to STEM toys, games, and books for youth in our communities.
