

Collection Partners Matter.

Every collection box represents more than a place to drop off STEM toys, games, and books. It represents a business, organization, or community group choosing to help inspire future innovators and expand access to hands-on learning for local youth.

As we prepare for this year's campaign, one of the most meaningful ways you can help is by connecting us with potential collection partners. A simple introduction can open the door to new donors, new advocates, and more gifts for the students served by Boys & Girls Clubs of Central Florida.

Click "Get Involved" below for our volunteer and collection host sign-up forms.
